IEEE 1904 ANWG 1904.2 TF Opening Report

October 21-23, 2014
Wu Han, China

Chair: Lu Yang, RITT

Editor: Raziel Gabe, PMC Sierra

Our work in August

- ❑ Reviewed 3 UMT use cases
- ❑ Reviewed UMT requirements proposals
- ❑ Discussions on UMT frame format
- ❑ Discussions on UMT Layering diagram
- ❑ Made the draft structure ready

- ❑ In this meeting, the TF will start to accept technical proposals and include them in the draft

Plan for this meeting

- ❑ Review the revised UMT Layering diagram

- ❑ Tutorial of relevant functions in 802.1 by Hesham

- ❑ Draft discussion – Glossary paragraph

- ❑ Discuss UMT use cases which will be included in the draft

- ❑ Discuss the requirements for the UMT ingress and egress points

Thank You
