

# Unaware Intermediate Node Attributes

ZTE Corporation

Liquan Yuan

# AI: Identify what attributes needed for UMT unaware intermediate node

- Unaware UMT nodes
  - Don't support UMT discovery
  - But it can identify the Ethernet Type of UMT
  - Processing UMT's packages according Ethernet type, it may change the QoS related parameters
- Attributes may be:
  - Enable/Disable UMT Ethernet Package processing Function
  - Modification/adding parameters of QoS according Ethernet Type of UMT
    - 802.1p field
    - VLAN tag
    - Etc.
  - Other vender specific fields

  
*Bringing you Closer*

**Thanks!**
